

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### **Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### **About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. ## INTRODUCTION.

---

THE Registers of the Parish, or strictly speaking the Chapelry of Holnest, extending from 1589 to 1812, are comprised in six Volumes.

VOL. I is in a sadly dilapidated condition. It is a narrow parchment folio, which evidently commenced at the same date (1589) as the first volume at Long Burton, to which the Chapelry of Holnest has been annexed since 1405. What has happened, however, is that the front cover and at least one leaf have totally disappeared, so that the Baptisms, which stand first in the Volume, begin in 1602. In addition to this loss the book has been folded in two, and completely rotted off at the fold, and by this mishap, and owing to the fragmentary condition of many of the leaves, a large number of entries are lost. This decay must have accrued prior to the provision of the iron safe in accordance with 52 Geo. III. c. 146, § 5, and when the register was probably kept in Holnest Church, a place, from its situation, liable to sudden floods, and always damp.

At present this volume consists of the remains of about ten leaves, with the end cover, four being devoted to Baptisms, to 1674, two to Marriages, to 1684, and four to Burials; the entries of burial being also continued on the inside of the cover to the year 1668. A considerable hiatus thus exists between the 1st and 2nd Volumes.

VOL. II is a small paper book in a limp parchment cover, containing 42 leaves, measuring 8in. by 6½in. The ninth leaf has a portion cut off from the top. Burials, 1695, come first, and after April 8, 1725, a note states "From this time consult a separate and Distinct Register for the Burials." Then follow Christenings with a few births, commencing in 1696. From September, 1739, Burials were again entered in this book, intermixed with the Baptisms, among which are also found Marriages from January, 1743-4, to August, 1755.

After 1760 we arrive at the section devoted to Marriages, 1695 to 1738. Then the registration of Baptisms, 1761, is resumed, with a few Burials intermixed, and continued until the book ends in 1780.

VOL. III is also a small paper book in a stiff parchment cover, 8in. by 6½in., and is called "A Register for the Burials and Affidavits belonging to the Parish of Holnest, Dorset," but on the cover is written "Holnest Register for *Births, Baptisms and Burials.*" It begins in 1725, and from 1780 onward to 1802 comprises Baptisms as well as Burials, when the entries cease. 34 leaves contain entries, but the greater portion of the book is blank. James Wilkinson, Vicar, signs at the end of every year from 1725 to 1726.

On page 1 is an account of the money collected in Holnest, 1709, for the Relief of the Palatines, viz. 8½d., eight inhabitants contributing a penny each, and one a halfpenny. At the reverse end of the book are a few other entries of Briefs and one page of Baptisms, 1763-69.

VOL. IV is a folio paper book in stiff parchment cover, called "A Register Book for The year of our Lord 1809, purchest By James Ryall, Holnest, Dorset." It contains only 18 entries of Baptisms, 1809-13, but of these 9 are in the handwriting of the Rev. George Stone, Vicar between 1826 and 1842.

VOL. V.—"The Register Book for the Registering of all Banns and Marriages, etc." A folio book, of 18 paper leaves, with printed lines and title, 1756-1802.

On the fly-leaf and in some of the margins are scribbled entries of Baptisms and Burials in an illiterate hand, 1805-10.

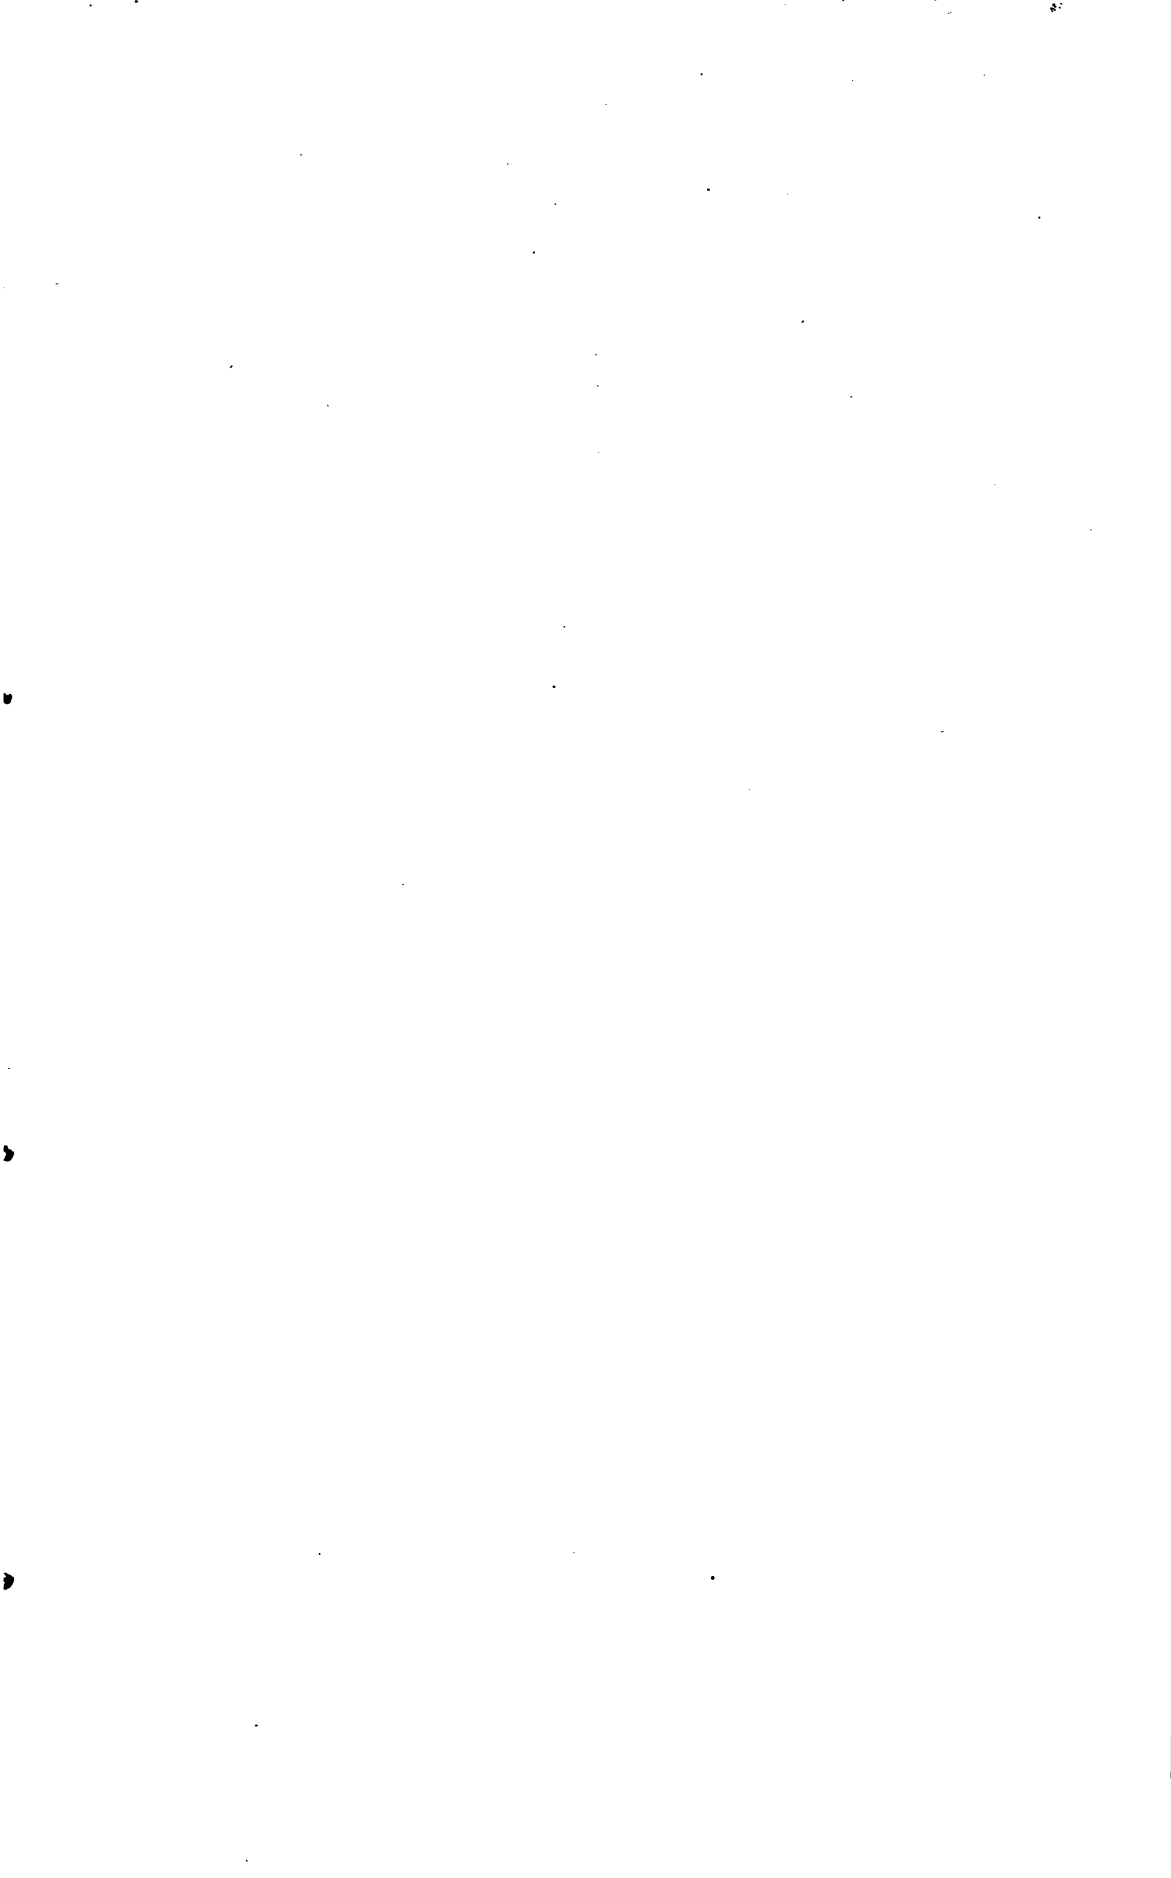

VOL. VI.—A folio book, bound in rough calf, of paper leaves, printed for Banns and Marriages, entitled "The Register of Marriages solemnized in Holnest Church." It has only 13 Marriages, 1803-12, and 8 Banns.

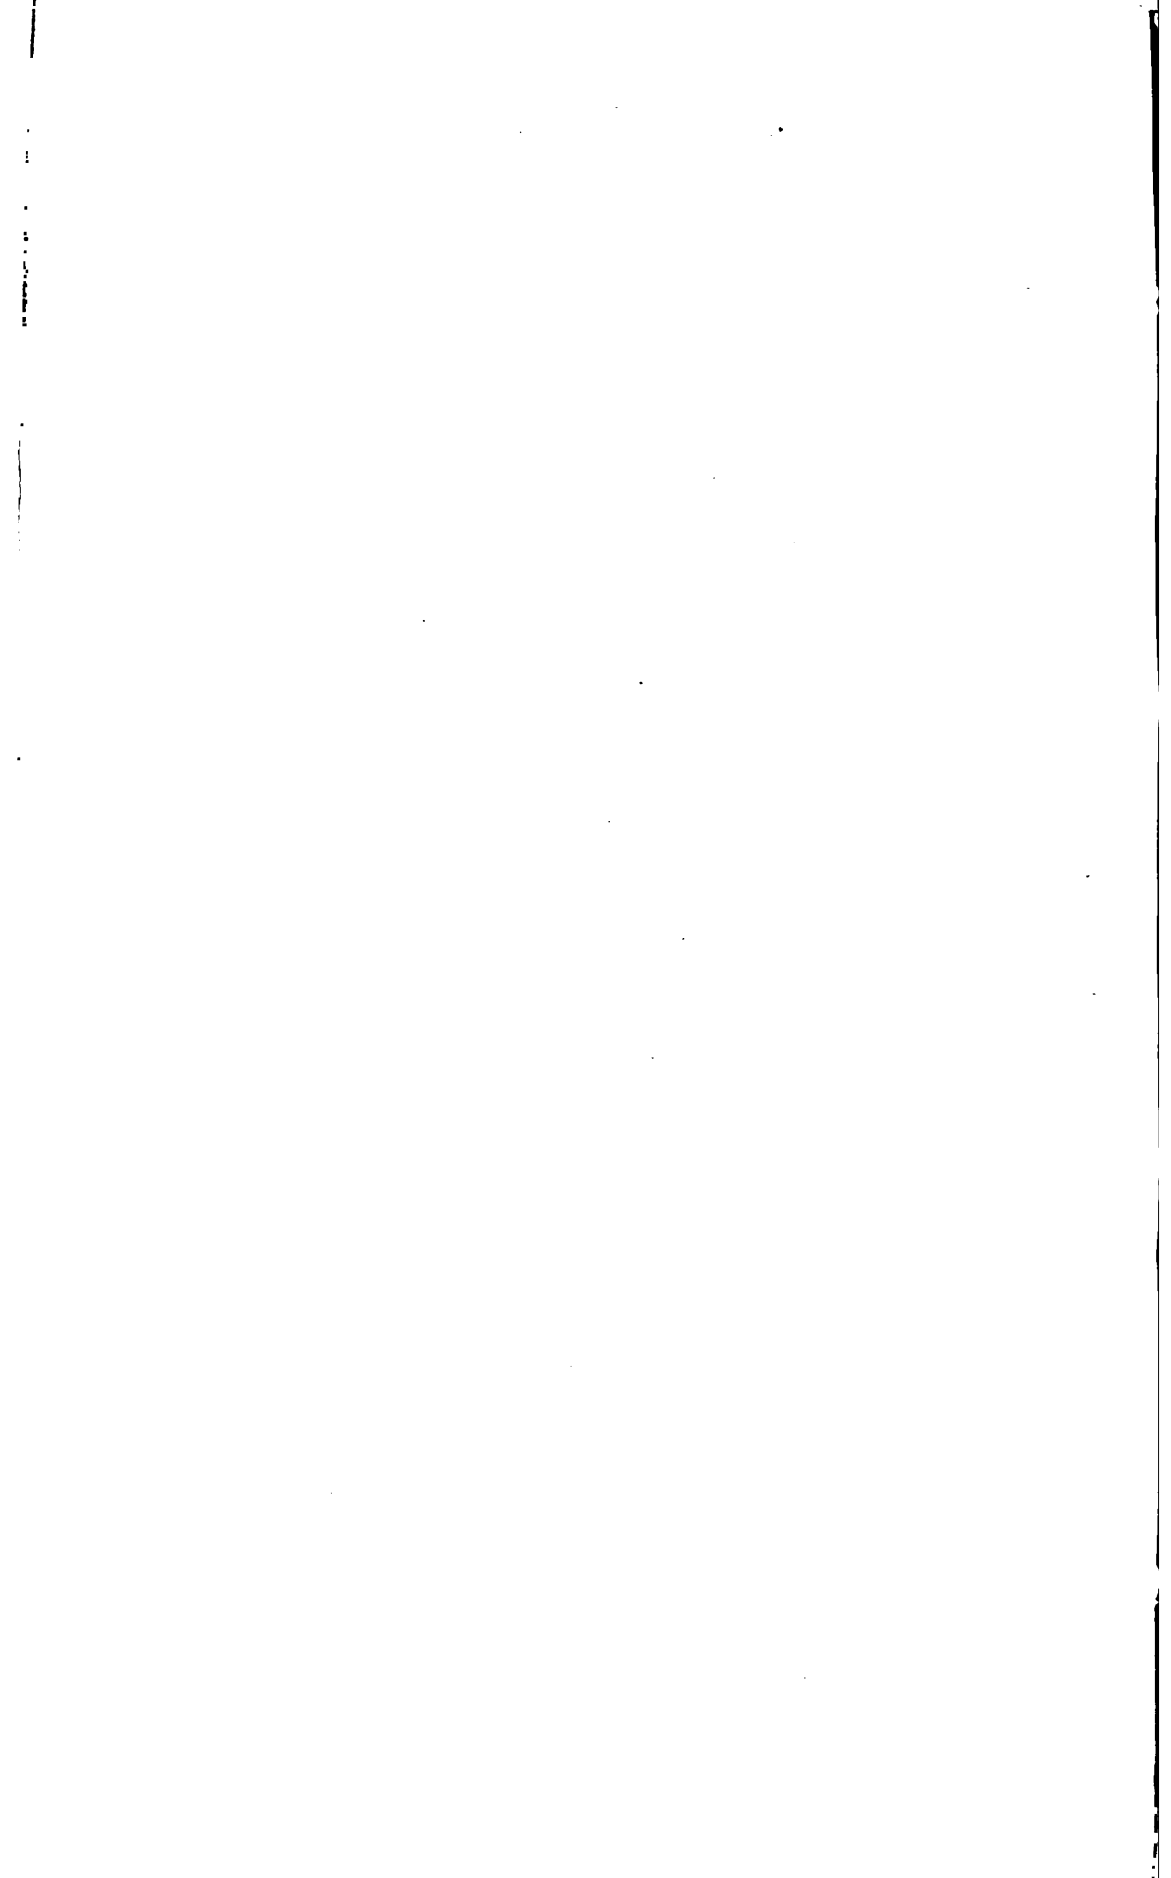

There is also a small book for registering Briefs, similar to that at Long Burton, and extending from 1707 to 1778.
